ENDS INDIGESTION AFTER EATING

Just because the pepsin pills, soda mints and other artificial digestive tablets you have been taking no longer give you the desired relief and you must take two, four or six instead of one to stop your heart burn, bloating, sour rising, belching and stomach lump, it's no sign there is no quick relief for you, but a sure sign that it's high time you changed your medicine. Give up these so-called aids to time you changed your medicine. Give up these so-called aids to digestion, that work on the food and do the stomach no actual good or you'll belch and bloat till doomsday. You need a remedy that will strengthen your stomach muscles and lining and increase the flow of digestive fulces. Then your stomach will do its own digesting.

There is an old time remedy called Mi-o-na Stomach Tablets which give wonderfully quick relief

in such cases. They are a splen-didly balanced stomach prescrip-tion and no matter how bad your stomach is, how long it has botherd or what or how much you eat, these little tablets will make your stomach digest every lest particle of food in it. Lee & Osgood or most any good druggist in this vicinity sells Mi-o-na on a positive guaran-tee of satisfactory results or money back.
